

Message

I Have great Pride & pleasure to hear that our college is bringing out the journal "**Cods-Journal of Dentistry**", Our College has made very significant strides to achieve for itself a place of pride in becoming one of the few celebrated dental colleges in India. A journal is a platform to expose the talents of both Academic as well as extra curricular activities. My only message to the youngsters is as a bit of sacrifice, more of hard work, sympathy, love, compassion & personal involvement will certainly produce that smile and satisfaction on the face of patients which should always be our aim.

The publication of the college journal will give the students & the staff an opportunity to exhibit their scientific & literacy talents.

I Appreciate the inspiration of contributors & Achievers. I Admire the participation of all staff & students in general & journal committee in Particular for having brought out this informative & educative journal.

Best Wishes

Dr.V.V Subba Reddy
Principal, College of Dental Sciences
