

# Secretary's Message

---

Dear Alumni,

Season's greetings from CODS Alumni Association

It gives me immense pleasure to inform you that the CODS journal of Dentistry, which is an official publication of the Alumni association has taken a giant step towards achieving various indexing and hence from now onwards will be accessible under Jaypee publications.

At the outset I request all the alumni to contribute articles which will help the editorial board to take the journal to greater heights. The journal has been indexed in Google scholar recently and with the contributions from the alumni I am sure we can achieve higher indexing at the quickest possible time.

**Praveen S Basandi**

Hon. Secretary

College of Dental Sciences, Alumni Association
